TOREWORD TOREWORD

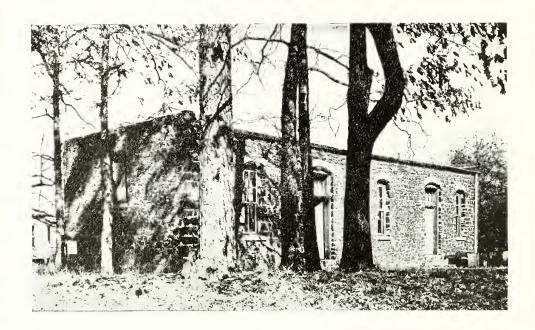

This book will become, as the years pass, more and more a book of mem-The light that strikes backward across the pages will bring out in the familiar landscape surprising features. Mountains will dwindle into molehills; mole-hills may loom into mountains. Jokes that seemed excruciatingly funny may lose their point, and disasters and tragedies may take on a comic air. Some of the high spots may fade out altogether. But, as they fade, others will emerge. The day on which a friendship was born will keep its halo; so will the humdrum class-room hour when some enkindling word reached us out of the past; and beauty, like a butterfly, suddenly drifted through the dusty air. Somehow, the look of pine trees will be forever entangled with certain ideas and loyalties; and the brick and mortar of the buildings that sheltered our labors will seem less substantial things than certain remembered hours of victory, of liberation, or of love. When these things shall have come to pass, and we, a scattered fellowship, shall turn the yellowing pages, perhaps we shall begin to understand the somewhat cryptic saying of a modern master: "The days that make us happy make us wise."

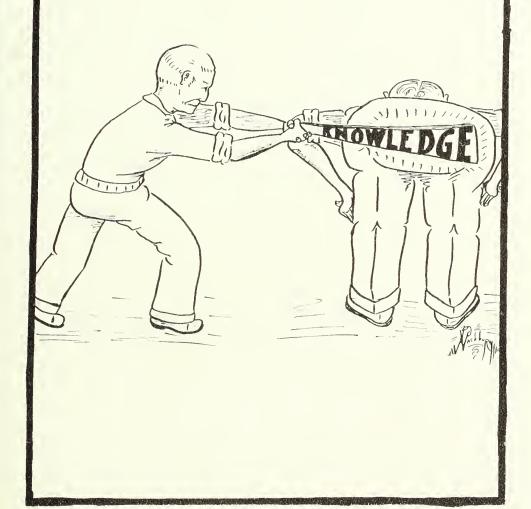

The historic old Stone Fort is an eloquent reminder of the sacrifices and patriotism of our Pioneer Fathers, who established here Anglo-American civilization and dedicated the fairest of all lands to Universal Education, Religious Freedom, and Representative Government.

HONORABLE M. O. FLOWERS, President	Lockhart
Honorable H. A. Turner, Secretary	Austin

THE STUNE FORT

College opportunities bring responsibilities. The commonwealth of Texas has made a large investment in each one of you. Texas, therefore, expects you to render to her distinct, even distinguished service. It is your privilege and your duty to exemplify the highest type of citizenship, to be exponents of good government, to be evangels of education and culture, to do well your appointed tasks. As teachers, the hands of the little children are held up to you. Your own welfare and the welfare of the State depend on the direction in which you lead them. Therefore, prove yourselves workmen who need not to be ashamed.

Sincerely,

A. W. BIRDWELL, President.

STATE OF THE STANL STANL

THOMAS E. FERGUSON

Dean of the Faculty

Mr. Thomas E. Ferguson, Dean of the Faculty, has been an inspiration to all the teachers and students who have come in contact with him. He has given them higher ambitions, and he has made them accomplish more than they thought was ever possible by making them want to live up to his expectations of them. He has been one of the most outstanding figures in our college since its founding.

C. E. FERGUSON

Dean of Students

Mr. C. E. Ferguson has filled a most difficult position; moreover he has filled it so well that he has made a friend of every student of the College. He has the rather unique ability of being able to retain the friendship of a student even after he has persuaded the student to attend assembly when there is something else he would prefer to do. His personality has made his mathematics courses well-attended, although mathematics courses are not required courses. Mr. Ferguson is much esteemed as a teacher, but by the students he is first thought of as a friend.

W SYDNE FORM

Miss Ruth Mays

Dean of Women

Miss Mays has an office on the top floor of the Administration Building. This office, with its home-like appearance and comfortable coziness, is a refuge to many a homesick girl. In this little retreat Miss Mays gives advice to those who need it with a kind-liness that is unmistakable. She is always ready to give help where help is needed and to lend the force of her personality to a worthy movement.

REMEMBER — FORGET

The years rush by in sounding flight.

I hear their ceaseless wings;
Their songs I hear, some far, some near,
And thus the burden rings:
"The morn has fled, the noon has past,
The sun will soon be set,
The twilight fade to midnight shade;
Remember—and Forget!"

Remember all that time has brought—
The starry hope on high,
The strength attained, the courage gained,
The love that cannot die.
Forget the bitter, brooding thought,—
The word too harshly said,
The living blame, love hates to name
The frailties of the dead!

Ah. Boys! we clustered in the dawn.
To sever in the dark;
A merry crew, with loud halloo,
We climbed our painted bark;
We sailed her through the four years' cruise,
We'll sail her to the last,
Our dear old flag, though but a rag,
Still flying on her mast.
—OLIVER WENDELL HOLMES.

GREEN

We are the "green things growing" That Prexy tells about; We plow and hoe and harrow To make our ideas sprout.

Our dear instructors plant them
With (mutual) care and pain;
Seeding our minds and note-books
Through class-room, sun, and rain.

But when we've slipped forever From clutch of prof and dean. We hope we'll leave a harvest To keep our memory green.

RESOLUTIONS ADOPTED BY THE STUDENTS OF THE COLLEGE

It is hard for us to realize that our fellow-student, friend, and comrade, Sammie Walker, is dead. He came to the College after graduating from the Lufkin High School. He at once proved to be an earnest student and an upstanding, manly man. On the football field he exemplified the best ideals of true sportsmanship.

Sammie Walker was clean in speech and in habits. He was diligent in practice and always worked for the success of the team. He had already won his letter, the highest athletic honor the College gives. But more important was his attitude as a college student. His class work was entirely satisfactory, and his influence in the student-body was wholesome. thoroughly His outlook on life was sane; his prospects for future success were bright. He was a clean and healthy-minded Christian

gentleman. In this hour of our sorrow, we are hoping that we shall have the courage to emulate his many manly virtues.

BOB SHELTON, COACH

In the three years that Coach Shelton has been at S. F. A., he has built up a record that enabled the College to enter the Texas Intercollegiate Athletic Association without going on probation. This is something no other college has ever done in the history of the T. I. A. A., and S. F. A. could not have done it if the other coaches had not known that Coach Shelton puts out clean, strong athletic teams.

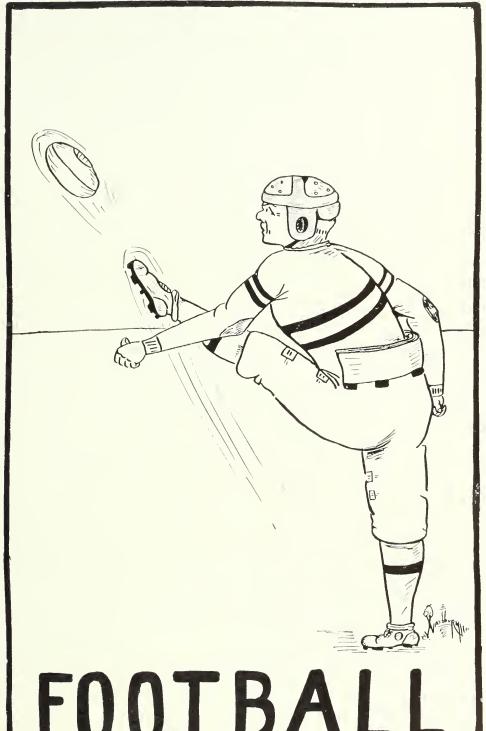

W. W. Dossey, Assistant Coach

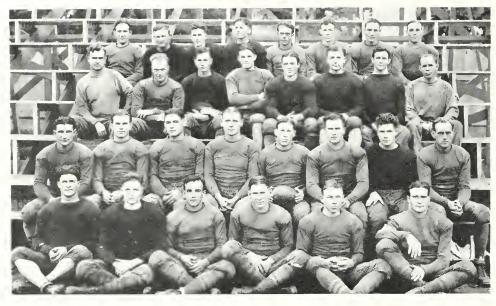

J. H. HINDS, Track Coach

Mr. Dossey came to S. F. A. from the Nacogdoches High School, where his work had proved his ability as a coach. As line coach, Mr. Dossey did very valuable service for the football team. He is also a good basketball and baseball coach and has done good work in both sports. He is the kind of man who commands the respect of everybody.

Mr. Hinds has had several years of experience as a track coach. "Jimmie," as we call him, knows his stuff. He has that "you can't get beat if you won't get beat" spirit. Although Jimmie's men haven't always reached the string first, you always know that they've put everything they had into their effort.

THE SEASON

RICE 33-LUMBERJACKS 0

The first game of the season, only a few days after the opening of school, was with Rice, a member of the Southwestern Conference. Some of the men had been out only a few days and were not in condition.

The Owls made four touchdowns in the first half, two coming as a result of fumbles on account of the muddy field. The Lumberjacks held the Owls to a lone touchdown in the second half, again the result of a costly fumble. For the Lumberjacks, Parker, Alders, and Sharpe stood out in the line; while the work of Sam Davis and White and the punting of Sam Walker were the high lights of the backfield. Herting was the Owls' big gun.

BOBCATS 12—LUMBERJACKS 0

In the second game the Lumberjacks were again defeated. Several times the Lumberjacks worked the ball to the twenty-yard line only to be held for downs. A place-kick from the twenty-yard line, which was unsuccessful was our strongest bid to score. The Bobcats scored twice

Rain and mud were too great a handicap, and the Lumberjacks were unable to score on the Lon Morris Bobcats.

The Lumberjacks repeatedly plunged the line for good gains, carrying the ball to the one-vard line when the half ended. In the third quarter a place-kick went wide, and the game ended scoreless. The Lumberjacks made seventeen first downs to one for Lon Morris.

DENTON 10-LUMBERJACKS 0

In the game with Denton the Lumberjacks upset the dope, and Denton, rated as a thirty-point better team, was lucky to get a 10-0 victory.

Denton, in the second quarter, fell on a fumble and scored three on a place-kick. Their touchdown came in the last quarter on a pass. Although the Lumberjacks outfought the Eagles the entire game, once carrying the ball to the five-yard line, they were unable to score. Sam Davis played a great game at fullback; Ray, too, was right, outputting his man and outcharging every man on the Eagle team.

MARSHALL COLLEGE 0—LUMBERJACKS 27

Against Marshall the Lumberjacks chalked up their first victory of the season. Though again playing on a wet field, they were not to be denied, and by great running and passing smothered the Marshall team.

Sam Davis again stood out with his line plunging and defensive work. Martine opened up with some great end runs, and Choc's passing was accurate and consistent. Sam Walker's punting and Ben Tucker's defensive work were other bright points of the game.

RUSK 0-LUMBERJACKS 6

Again it was a case of too much mud, and the Rusk College Indians held the Lumberjacks to one touchdown. Passing was impossible and end runs almost so because of the slippery field.

This is one of the times when the best team won. The confident Louisianians had not figured on fight and a comeback, but they learned. The whole team was "right" and played great football to beat our out-of-the-state rivals.

Natchitoches took an early lead in the first quarter by marching down the field for a touch-down on the kickoff. But in the second quarter by a series of passes the Lumberjacks carried the ball over, and Summers kicked goal. During the remainder of the game, the Louisiana teachers tried desperately to score but could not.

The Lafayette team's offense was built around the passing and running of Cagle, and it was too strong a foundation for the Lumberjacks. "We managed to score" is about all that can be said. There are no stars for the Lumberjacks unless Doc Ray receives mention for leading the charge.

SOUTH PARK 0-LUMBERJACKS 0

Mud again cheated us of a victory. Both teams did their best to win the Thanksgiving game, but neither could push over a single point. Early in the game Beaumont barely missed a field goal. After this most of the game was played in midfield, with neither team baving an advantage.

RESUME

Most of the old men were back this year, but the 1926 season was not as successful for the Lumberjacks as was expected. They were able to win only two out of eight T. I. A. A. games. Of the T. I. A. A. games that were lost, however, two were with the champions of the Association, and the others were with two of the strongest teams in the T. I. A. A.

THE RUSK GAMES

The Lumberjacks opened the basketball season of 1926 by beating the Rusk College Indians 33-11 on the home court. The passing and defense of the Lumberjacks was fast and steady. Captain Bradley was high point man with eleven points. Parker and Samford were close seconds with eight and six points respectively.

The next night the Lumberjacks again routed the Indians, winning the game by the score of 24-8.

LUMBERJACKS LOSE TO BEARCATS

Due to inability to hit the basket, the Lumberjacks lost two hard fought games to the Sam Houston Bearcats. The floor work and passing of the Lumberjacks was much faster than that of Huntsville, but poor goal shooting lost the game. Parker and Pannell scored six points each the first night. The game ended 32-20 in favor of the Bearcats.

Sam Houston repeated the victory the following night but was held to a smaller margin. Bradley and Samford. Lumberjack forwards, were again off form, and the Bearcats chalked up another victory, 27-20.

LUMBERJACKS TAKE TWO FROM COMMERCE

In two of the most interesting and thrilling games of the season the Lumberjacks defeated the Commerce Lions. The guarding and offense of the Lumberjacks was perfect, and Commerce never threatened seriously. By perfect team work and consistent goal shooting the Lumberjacks piled up a 25-15 score.

The Lions came back strong the second night, and the game was a toss-up from the beginning. The score at the end of the half was 15-14 for the Lumberjacks and tied at 21 near the end of the game. Pannell rang up a field goal for the Lumberjacks, which bettered the Lions' free throw one point. The game ended 23-22 after a Commerce player missed a free attempt. The work of the entire team was brilliant, though the guarding of Sam Davis and Pannell's goal shooting stood out.

LUMBERJACKS BEATEN BY EAGLES

The champion Eagles were forced to the limit to win two games from the Lumberjacks, but wonderful goal shooting turned the trick. Both games were exceedingly rough, a large percent of the Eagles' scores resulting from free throws. In the first game the half ended 16-12 for the Eagles, but by the end of the game they had run up the score to 35-21.

The second game was a fight from the beginning. Early in the game the Lumberjacks grabbed an eight-point lead, and it looked like our game. But the Eagles again started their great passing and goal shooting, and at the end of the half, were several points ahead. In the last half Parker, Joe Davis, and Sam Davis were put out on fouls, and the Eagles managed to gain a 23-18 victory. Joe Davis and White played great basketball in the two games, outshining the brilliant Hayes.

THE MARSHALL GAMES

The Lumberjacks took two fast games from the College of Marshall quintet by good team work. Although weak in goal shooting, the Marshall team had a fast and steady defense, and only good passing and shooting by the Lumberjacks overcame it. The visitors played hard, fast games though they were hopelessly outclassed. The Lumberjacks won the first game 45 to 15, and the second 39 to 13.

THE NATCHITOCHES GAMES

The Lumberjacks went to Natchitoches and lost two games to the Louisiana Normal five. The team was one of the best encountered during the season. Both of these games were somewhat one-sided so far as scores go. Captain Bradley was the king pin of the Lumberjacks' offense, scoring 13 points in the first game and ten points in the second. Sam Davis and Parker also played good ball for the Lumberjacks, especially on defense.

DANIEL BAKER DEFEATS LUMBERJACKS

In the final games of the season the goal shooting jinx was again present, and the Lumber-jacks dropped their last two games. Bradley, Sam Davis, and Joe Davis were handicapped by sore arms, and this slowed them up both on offense and on defense. Both teams were off in their shooting, repeatedly missing crip shots. The majority of the points were made by long shots. Bradley tried again and again to find the loop, but he had hard luck in both games, repeatedly missing easy shots.

RESUME OF THE SEASON, 1925

The team of 1925 would rank favorably with the best in the T. I. A. A. Out of four-teen intercollegiate games, only two were lost. In most cases the Lumberjacks won easily. With five lettermen of last season, nine old men, and several experienced new men, the team struck its stride early and developed rapidly. Much of the credit for the large number of victories was due to the pitching of Joe Davis. Joe won every start of the season, and on several occasions, as a relief hurler, saved the game. D. M. Walker, star pitcher of 1924, though hampered all season by a bad shoulder, managed to hang up several victories. The hitting of Prince, Sam Davis, Everett Walker, Conner, and Thompson was a big factor in winning such a large percent of the games.

THE RUSK GAMES, 13-1 AND 6-4

The Lumberjacks opened the season with two games against Rusk College. Behind the great pitching of Joe Davis, the first game was annexed by the Lumberjacks 13 to 1. Rain stopped the second game, with the Lumberjacks on the big end of a 6-4 score.

LUMBERJACKS AT NATCHITOCHES, 9-8 AND 8-4

LUMBERJACKS WIN FROM BEARCATS, 3-2 AND 12-6

In the first of a two game series on the home field the Lumberjacks nosed out the Sam Houston Bearcats by the close score of 3-2. Joe Davis was the winning pitcher in this game. LUMBERJACKS WIN AT HUNTSVIILE, 2-0 AND 11-7

The timely bitting of Sam Davis and the pitching of Joe Davis were responsible for the 2-0 win in the first game of the second series with the Bearcats. Seventeen hits and the relief burling of Davis were too much for the Bearcats, and they dropped the second game to the Lumberjacks. 11-7.

RESUME OF 1925 SEASON

The record made in track was very good considering the size of the squad and the fact that several members were handicapped by injuries. A good showing was made in the Rice Relays: and in meets with Sam Houston and San Marcos, the older institutions were crowded closely. Garner, Bailey, and Parker defeated some of the best track performers in the T. I. A. A.

Prospects for the 1926 season are very good. Ray, the captain of the 1924 team, is back; and Neel, Sam Davis, Parker, and Claunch are the other old men who will be in the squad. Burk, a letterman from Nacogdoches, in the dashes, and Miller, Todd and Shoultz in the distances are making strong bids for places.

THE RICE RELAYS

With only a small squad of men the Lumberjacks went to the Rice Relays and brought back one second place. This meet, an athletic carnival of national recognition, brings together some of the best colleges and universities in the United States. In the medley relay, a Lumberjack team composed of E. L. Bailey, Roy Self, Henry Blackwell, and Tom Lattimer won second place and the gold medals offered for the event. A team also entered the mile relay but

failed to place. Garner in the high jump, Neal in the dashes, and Parker in the shot put gave a good account of themselves but failed to place in their events.

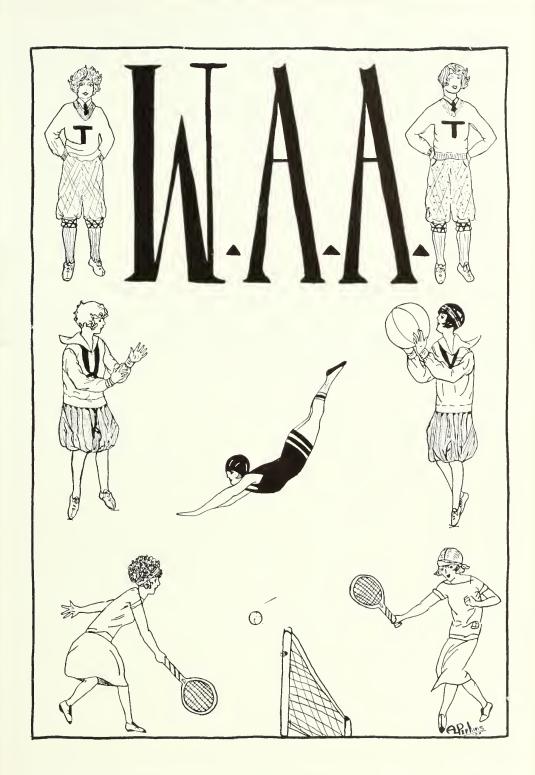

THE DUAL MEET AT HUNTSVILLE

In the dual meet at Huntsville the Lumberjacks encountered their first T. I. A. A. competition. The squad won the greater number of the first places, but lost the meet by eleven points, due to Sam Houston's many second and third places. Sam Davis won first place in the javelin and discus throws. Parker won first place in the shot put. Garner took first place in the high jump and pole vault, and Neal won first place in the 100-yard dash. Bailey won first in the quarter and in the half but was disqualified, and Claunch, who was next to Bailey, got first in the quarter. He also got third place in the half mile run. The Lumberjacks won seven first places out of twelve.

THE MEET AT NACOGDOCHES

In a triangular meet with Sam Houston and San Marcos the Lumberjacks took last place with only six points between them and Sam Houston in second place. San Marcos with a veteran squad won an easy first place, but the struggle for second place was undecided until the last event. In the pole vault Parker tied for first place with Dailey of San Marcos, one of the best vaulters in the T. I. A. A. Both missed at twelve feet. Parker won first place in the shot put, while Bailey outran San Marcos' unbeaten entry in the half mile and won first place.

The Thomas J. Rusk Literary Society, having grown from the previous year's enrollment of twenty-nine members to the present enrollment of forty members, has contributed its full share to every endeavor attempted to make the young men of the College more fit for leadership in literary affairs.

Under the leadership of Mr. T. E. Ferguson, to whom the Society is glad to acknowledge its indebtedness, the Thomas J. Rusk Literary Society began its work early in the fall term. The members were enthusiastic and interested in the Society from the very start last fall. Perhaps the most beneficial work undertaken was a series of drills in Parliamentary Law from which every member of the organization derived much benefit.

Most important of all, however, is the part the Society has played in promoting intercollegiate friendship, all of which has been brought about through the Society's interest in oratory and debate. The Society is sponsoring three debating teams—the first in the history of the college—who will compete with Louisiana College, the North Texas State Teachers College, and the East Texas State Teachers College.

The O. Henry Literary Club was organized October 5, 1925, for the purpose of a closer study and deeper appreciation of William Sydney Porter and his works.

Membership in the club is open to any woman student interested in such a study.

The social activities of the club have included a Hallowe'en party, story hours at the Campus Shop, and a box party at the Austin.

The Y. W. C. A. organized its cabinet at the beginning of the fall term and went on a retreat to Farm Lake to make plans for the term. During the year, the Y. W. C. A. has been instrumental in bringing noted speakers, such as George Collins, Dr. Searly, Harry Bone, and Francis Miller to the campus. In its weekly meetings the organization has discussed common campus problems and the ways of solving these problems.

EPISODE I-The Land of the Tejas

A scene showing East Texas in the peaceful and normal possession of the Indians. A typical Indian settlement in a quiet time—stolid squaws going about the drudgeries, braves dozing in the sun, the medicine man performing his cures. Sentinel brings news of an uprising: then follows a war dance and a powwow of the chiefs.

EPISODE II—Founding of the Missions and of Nacogdoches

Captain Mendoza and Father Lopez pass through Nacogdoches, but make no settlement. Captain De Leon and Father Massanet found Mission San Francisco of the Tejas. St. Denis and Captain Ramon mark out the San Antonio Trail. Settlers and soldiers, after being ordered to San Antonio in 1773, returned with Gil Ybarbo in 1779 and found the Stone Fort, which becomes the center of the settlement of Nacogdoches.

EPISODE III—The San Antonio Trail; The Gateway of Texas

A scene showing a cavalcade of home seekers and fortune hunters passing along the trail. They camp for the night and enter into rivalries of story telling, fiddling, jigging, etc.

EPISODE IV—The Fredonian Rebellion and the Battle of Nacogdoches

Hayden and Benjamin Edwards raise the flag of independence and establish the Republic of Fredonia. Mexicans from San Antonio, joined by dissatisfied colonists and Indians, put the Edwardses to flight.

Colonists at Nacogdoches under Bullock refused allegiance to Bustamente. Friction produces a state of war. In a sniping, gorilla battle which lasts all day, Americans and Indians drive the Mexicans in riot from the Stone Fort.

EPISODE V—Early Social Life in Nacogdoches

David Crockett arrives from Nathitoches, is greeted by prominent citizens of Nacogdoches and passes on towards the Alamo.

Guests arrive at a lawn party, at which Sam Houston and Rusk are special guests. After a period of talk and greeting, the guests engage in an old-fashioned square dance,

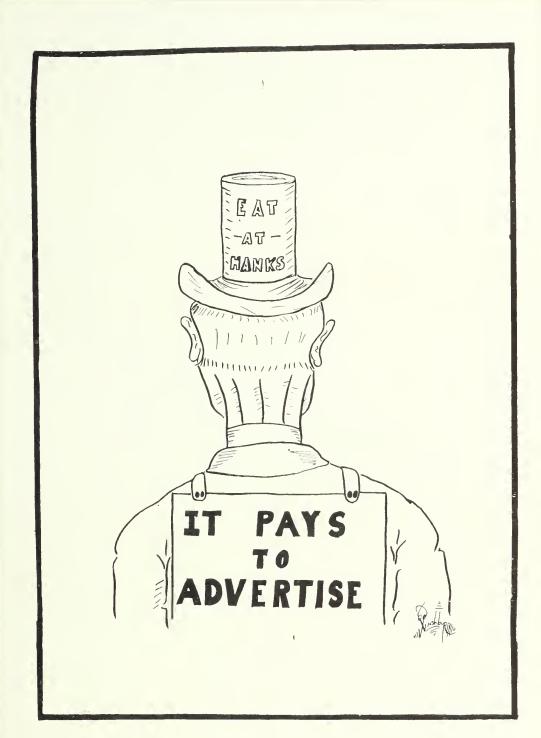

EPISODE VI—The Nacogdoches Firemen

Local firemen pass in review, showing steady growth of equipment since days of the "bucket brigade."

EPISODE VII—Nacogdoches as a Center of Education

Scenes showing the founding of the district school, 1839; the Nacogdoches University, 1845; The Nacogdoches High School, 1909; the Stephen F. Austin State Teachers College, 1923.

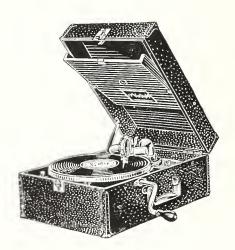

NOTE: At the beginning of each scene the herald recited a few lines of blank verse, giving the central idea.
